FALL 2005
ANIME CATALOG

Looking back to the late 1980s, if someone had told me that there would be this many anime titles out there (let alone manga titles) I would have thought they were nuts. Just browsing through all of the upcoming releases for this fall, I can truly say that it has never been a better time to be an anime consumer! I mean just look at all of the reasonably priced box sets that are scheduled for release in the next few months, not to mention tons of new manga.

Fortunately for us, this boom came at just the right time for us, too. We're in our new, larger facility now, and have the space to take on all kinds of products and merchandise for the holiday season.

The large catalog you have in front of you contains just the items released or announced within the last six months, as well as our top sellers. Plus, we add new items to the website almost every day!

As always, we've segregated all of the adult items into an easy to remove perforated section. If you're not interested in these products, please simply rip out and discard this portion.

Did you know that every Thursday we post a new gigantic list of product specials? Are you missing out on the savings? Then make sure to visit our website and sign up for our weekly email newsletters that will keep you up to date on the latest weekly specials, studio sales, exclusive offers, and more! Plus you can check out the latest industry news and announcements right on the front page!

I also encourage you, if you buy more than a few items per year, to consider joining our Got Anime purchasing club. You can save extra money on every purchase you make with us, plus you'll receive a newsletter with exclusive members-only savings! Check page 10 for more details.

Finally, I'm also really looking forward to our upcoming releases! Kimba is finally getting the DVD release it deserves, with remastered footage and lots of extras in an great 11-disc DVD set. Tylor returns in Ultra Edition sets of both the TV and OVA series, which include a never-before released novella from the author! Plus in 2006, we've got Astro Boy, Boys Be..., and Ninja Nonsense to look forward to, plus many more!

Boys Be...

Bring on the Boys!

We all know how most love stories go. Boy meets girl, they fall in love, and live happily ever after, right? Well, we also all know that real love isn't quite that simple. Wouldn't it be nice if there was an anime that recognized the subtle nuances of romance, and took them seriously?

If you said yes, then you're gonna love *Boys Be*!

Here at Right Stuf, one of the first questions we ask ourselves when looking at new shows to license is: "How does this anime stand out from the crowd? Will it be distinguishable from the loads of harem and robot shows that everyone's already seen a million times over?"

Suffice it to say, *Boys Be* caught our attention quickly. It's a love story at its core, but there's a twist – unlike almost every other show out there, *Boys Be* is told from the guy's point of view. The story twists and turns around our three main heroes, as they do their best to muddle through the mysteries of women and relationships, and learn a bit more with each passing encounter.

One of *Boys Be*'s biggest strengths is its writing. It's an amazing character piece – and best of all, there's so many characters, that you're almost certain to find someone to identify with (and maybe even learn a thing or two from!) We've got our three main "boys":

KYOICHI: Very mild-mannered, almost to a fault; and when it comes to love, he's a little awkward. But he's the ultimate good guy: honest, caring, and rather shy.

MAKOTO: Always obsessed with pretty girls, looking up skirts, and imagining what it's like to kiss. He has an outgoing personality, and loves to goof around. Underneath it all he's a good guy – even if his hormones have taken control.

YOSHIHIKO: The tall, tan, athletic one of the group. Friendly and easygoing, Yoshihiko has a lot of natural talent when it comes to baseball, but of the three main boys, he's probably the slowest and most clueless when it comes to women.

And then there's a trio of lead girls:

CHIHARU: A tomboy with a real heart for competition. Because of her outspoken, un-ladylike personality, Makoto has given her the nickname "barbarian"... but she still has all the uncertainties and overwhelming emotions that all girls have at that age.

AKI: Very playful, almost bubbly – but she's also very smart, and sharp with words. She dreams about romance and love, but isn't afraid to speak her mind to any guy that crosses her (especially Makoto).

YUMI: From her looks, you might think she's brainy – but really, she's not a geek, she just has her own style. She's easygoing and fun to be around; you could probably call her the "reasonable" one of the group. That having been said, for some reason, she's always dressing up like animals (cat coat, otter suit, etc.).

Along with this initial crew of six, each episode also tosses a new character into the mix; like the charming nurse Mizuki, the shy cameraman Ueno, or the hot-tempered punk Shoko. And as each new character is introduced, our heroes are shown a new facet of what it means to fall in love, and to fall out of love...

We've been able to snag some really great extras for this release, and one of my personal favorites is the written Director's commentary that we'll be including in each DVD booklet. In fact, just because we love ya', here's a sneak peek at the Director's commentary for DVD!

When turning an original comic based on the theme of high school "romance" into an anime, trial and error has shown that it needs to be either relatively serious, or something with wacky comedy in every episode. Anything halfway between the two kills the piece.

If we'd taken the latter option, a short series of 13 episodes would have been fun, but there was a good chance that it'd end up being forgettable. So, we chose the former option, but oh, the difficulties it brought...

It's not as if we were trying to create some great artistic masterpiece. We were really only trying to depict ordinary romance between ordinary high school kids in the form of an entertaining show. However, in the script writing phase, we were required to have drama that showed realistic expression of emotions – and that same constraint was placed on the animation and direction styles, and how they portrayed things. There are so many restrictions on an "ordinary show" that doesn't have magic or robots...

As you can see, a lot of care, thought, and time went into this series... and it really shows, both in the quality of the writing and the depth of the characters. So if you're looking for a romance story that's more true-to-life than your everyday average anime, then give *Boys Be* a glance... it's sure to steal your heart.

Until next time, fellow anime fans!

- Judy DeFrieze, Assistant Producer

Ninja Nonsense follows the story of Shinobu, a cute, enthusiastic and ditzzy ninja trainee who invades the life of every-day average school-girl Kaede. Poor Kaede's life is thrown into chaos the night that Shinobu attempts to break into her home and steal her panties (of all things) because it was her *ninja school assignment for the night...* and that's just the beginning!

Unfortunately, Shinobu is too naive to realize that Onsokumaru and her Head Master are really one in the same (because that beard Head Master wears is *SUCH* a convincing disguise) and that he rarely teaches her anything but dirty and perverted things. Her ninja classmates, who all look the same and are collectively known as the “Sasuke Army,” are equally as hopeless as they lounge around reading sleazy magazines, playing video games, watching TV and participating in Onsokumaru’s imbecilic schemes.

Even the Japanese scripts we received were funny... line after line of the Japanese dialogue was crossed off with new lines scribbled in, but when we watched the show we found that most of the lines in the script weren't even used - most of them were ad libbed. In fact, if it hadn't been for the amazing Japanese voice talents, the whole show wouldn't have been nearly as humorous as it turned out to be.

We recently screened the first two episodes (with an early English dub) at Otakon 2005 and were greeted with warm complements and lots of people begging to know "What the heck is this!? When can I buy it??" As always, we appreciate all the feedback and hope that you will all check out *Ninja Nonsense* in 2006!

RIGHT STUF'S BIG MOVE

Most all of us will move, statistically, at least eleven times during our lifetimes. As we pack up our various belongings and things, it seems as though it will take forever to get it all done, unpacked, and put away at a new place.

Moving a business is even harder, because while you're moving, you still need to take care of your customers and continue to generate revenue in order to pay your bills. So as we began planning our big move, I knew that it was going to be an immense challenge for our firm.

Over the years, as we continued to expand, our office space grew smaller and smaller until we simply didn't have any space remaining. I knew that the time had finally come to relocate. We had been in that particular facility since 1996, and had been slowly bumping out neighboring businesses as we pushed to add additional space. When the very last neighbor was gone, we even built a secondary loft level to utilize the extra height of the building.

While we had considered building a new facility and even looked around for development land, we just didn't really find anything really exciting. Then we ran across something that was just to the northwest of Des Moines, in a small community that, due to growth, had become essentially a new suburb. The community was called Grimes, and the location, believe it or not, was an old canning facility.

Stretching all the way back to the early 1900's, the Mrs. Grimes canning facility had been a part of a small farming community. The firm processed and canned various vegetables, with its most famous product being the signature "Mrs. Grimes Chili Beans," as well as other products including pumpkins, tomatoes, dog food,

Canning at the Mrs. Grimes Facility

taco chips and shells, and fruit juice. In the late 1980s, the operation was purchased by a Minnesota food company which closed the actual vegetable processing portion of the business, and operated the facility as a distribution and private label packing center. About the time we were looking for space, it was announced that this facility would be closing.

I visited the building and what I saw had a lot of potential. Although it was an older property, it had been well cared for. Plus, the available space was just enormous, with plenty of future expansion room if we needed it. In my mind I could see how we could break up the space into offices and a new warehouse. Although we still had time left on our existing lease, I knew that it would take time to get the place remodeled and ready to move into.

It was a very busy summer. Not one day went by where I didn't feel like I was caught up in a maelstrom of building-related issues in some way. I hadn't really considered how many decisions would have to be made! Where do the walls go? What color will they be? How tall? Will there be carpet? What kind? What color? Oh.. you want the building to have heating... AND cooling? Well what type? What brand? How big? Oh.. and you'll need to add some plumbing!

In order to minimize the interruption to our business, teams of staff were working at both the old and new locations simultaneously. They worked most of the summer, setting up shelving, cleaning, organizing, and beginning the transport of excess inventory and equipment. At the same time, the contractors were also working on the interior walls, the wiring, data cabling, and the heating and cooling systems. It was quite a mess!

One interesting thing to note is the unique solution that we chose to use for the heating and cooling. The existing structure did not have any cooling, and only a rough heating system. (Anyone who's ever been to Iowa can tell you that both of these are essential to life here.) A geothermal system, often referred to as a "ground-sourced heat pump," really caught our eye. The temperature in the ground below the frost line is fairly constant year-round at about 55°F. This is why, when you go into a cave, it's still 55°F whether it's the middle of August or the beginning of January. To install the system, we drilled a number of wells in the rear of the property, each about 200 feet deep. In the summer, the heat pump extracts heat from the building, transfers it into the water in the pipes, and then pushes the heat into the cool ground, where it is dissipated. In the winter, this process is reversed. The heat pump extracts heat from the relatively warm ground, transfers it into the water in the wells, and pumps this heat into the building. The result is something that uses far less energy than conventional systems. How's that for a science lesson?

In any event, even though the upfront cost for a system like this was a bit higher, in the medium term, it would save us a great deal of money on our energy bills. Nothing had to be installed on the roof, and it pleased my inner ecological voice.

On the design side of things, we tried to keep as much of the original character of the building as we could - salvaging brick walls in some offices, the original rounded roof in the customer service area, and even the original metal fire doors!

All in all, I am very proud to say that our staff pulled together and, with a great deal of work, we were able to move our entire business with minimal operational interruption in a mere 4 days. All of the furniture was moved, the remaining inventory was relocated and put away, and the IT staff arrived in the wee hours of the morning to relocate our website and datacenter, to minimize the amount of downtime - in fact, I think the website was only down for a total of 4 hours!

Old Fire Doors

So, we're now settled into our new home. Although it was a long time in coming, it certainly has been worth it. Now, on to the great anime bargains!

ITEM LISTINGS

Ratings System

To benefit our customers, we have implemented a rating system for many of our products based on our staff's knowledge of each title's content, as well as input from the various anime suppliers.

N/R

This title has not been rated.

ALL

Generally acceptable for children. No Nudity. Possible mild violence.

12+ 13+

May contain violence, brief nudity, and/or mild language. May suggest sexual situations, but no situations are shown. Parental discretion advised.

15+, 16+, 17+

Strong violence and strong language. Prevalent Nudity may be contained within the picture. Mild sexual situations may be shown.

18+

Extreme violence, Explicit Nudity, and/or Extreme Language may be contained in the picture. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Ratings used within our system are oftentimes provided by the manufacturer of the product. Because of the differences in ratings used by these companies, we have combined their systems, with the descriptions of the ratings listed above. Right Stuf does not set ratings (except for its own products) and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only, and are subject to change.

Running Time / Video Length

Next to the age rating of each item, you will see the approximate running time listed for each video. Depending on the manufacturer, running times may or may not include extra bonus features such as previews. A N/A indicates that the running time is Not Available.

Edited and Uncut

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores) they must often be edited. This means that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognized this and often release both the Edited (TV Version) and the Uncut (Original Version) of the show.

Closed Captioning (CC)

While most DVDs these days have subtitles, not all have Closed Captioning (CC). For those titles which we know have this feature, we have listed CC in the line containing the item's part number.

DUB ONLY? SUB ONLY?

Although DVDs allow for the possibility of dual language anime, it is not always possible to license a title for dual language release in the States. So, you end up with manufacturers releasing Subtitle Only (SUB ONLY) or English Dubbed Only (DUB ONLY) DVDs. Subtitled DVDs display the dialogue on the bottom of the screen while the actual voices are still in Japanese. Dubbed means the music (probably) is intact, but the voices have been redone in English. In our online system, you will note that subtitled is represented by (S) and dubbed is represented by (D). You might also see (Hyb) which means that both the subtitled and dubbed versions are available on the same DVD.

Release Dates

If an item has not yet been released at the time of this catalog's printing, you may see a release date listed for the item. However, manufacturers can (and often do) change these release dates due to production delays. If you are ordering an item with a release date and are concerned whether this item is on schedule, please feel free to check the item's release date through its online listing, contact customer service at 1-800-338-6827, or even email customer service at info@rightstuf.com.

Mosaic

The digital "mosaic" effect is sometimes placed over the relevant bits during a particularly adult sequence prior to the title being exported from Japan. When we are aware that a particular volume or title has this effect, we'll mark it as Mosaic in the volume listing.

OVA (OAV)?

This means Original Video Animation. In normal terms, this means a direct to video release.

Essential Anime, Anime Legends, and Signature Series Editions

On certain DVDs from ADV Films, Bandai, and Geneon Entertainment, you will see them marked as "Essential Anime," "Anime Legends," or "Signature Series." These are re-releases of the original DVDs at lower prices. However, these new versions may or may not include all of the features that were found on the original release. If you are concerned that the DVD you are considering buying might not contain the features that you're looking for, please feel free to contact Customer Service or check the item's listing through our online store.

UMDs

A UMD, or Universal Media Disc, is a format designed specifically to play on Sony's PlayStation Portable (PSP) video game system. These discs cannot currently be played by any other system.

GENERAL

Why do you charge for your catalog?

Unfortunately, paper does cost money. In order to keep producing a

printed catalog, this means that we have to charge a small fee for it (but don't you think it's worth it?) However, you can get your money right back by using the \$4 off coupon on page 109! (Not to mention the tons of other great coupons back there.)

Will I get your next catalog?

If you've ordered something from us in the last 6 months, you will automatically receive the new catalog when it is shipped. If not, you may find that you'll stop receiving catalogs (and you will have to send us the current catalog fee to reactivate your catalog status).

When does your next catalog come out?

Why, every spring and fall!

Where are the Adult products?

Since our catalog is delivered to anime fans of all ages, we've taken special precautions to ensure the younger fans are not exposed to products that contain explicit violence, adult situations, or sexual content (18+). Products of this nature have been placed in a special section just for adults. Please feel free to remove this section - it really won't hurt our feelings.

Please be aware that this does not mean that all items in the regular sections are intended for young children. To help parents, we've taken special care to make sure that products are marked with age ratings.

What's this "Got Anime" thing?

An easy way to get an additional discount on your favorite anime items. For a small yearly membership fee you get additional discounts, a Got Anime bumper sticker, newsletters and members only specials! Read more about the Got Anime Purchasing Club on page 10. Please note that international members of the Club will no longer receive mailings, due to postage cost.

Memberships are non-transferable, and will remain with the billing address of your account. If you move, please make sure to contact us with your updated information, so that we can update your membership information.

Why don't you carry that many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. We are continuously scouring the market to find a stable way to bring imports to our customers and hope to do so in the future. Please check our website (www.rightstuf.com) for the latest news on imports.

Why don't you have <Title Here> Audio Soundtrack CD from Japan?

Um...I know I'm getting bad at geography, but I'm pretty sure that's an import - see above question regarding imports. You also might want to check our Soundtracks section because a number of titles are now being released domestically.

I really want to learn Japanese...

What resources do you have?

There are a couple of books in the catalog, which might be of interest - such as "The Anime Companion" and "Japanese the Manga Way." The Internet is also an excellent resource and you might check with local school districts and community colleges to see if they have any courses available.

Can I get a new order form?

You can give us the information on the form or on any scrap of paper. As long as we can read it, you are fine (hieroglyphics just wasn't our specialty in any life). You can also print one from our online pdf at: www.rightstuf.com/orderform

How can I check on my order?

If you placed your order through our online store (www.rightstuf.com) you can check your order status when you login. Otherwise, simply call our friendly Customer Service people at 1-800-338-6827 or email us at info@rightstuf.com.

How long is a typical item "out of stock" for?

With a few exceptions, DVD delays can be measured in days. There are some freak delays, but 2-4 weeks is usually a safe figure. However, please keep in mind that some items are directly imported from Japan, and may be in short supply even there, and should the vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

Can I use my coupons for an online order?

Yes, you can. Simply use the Coupon Code that is on your coupon when you place your online order. You can only use one coupon per order and only one catalog coupon per customer.

Can I order online Daily Deals or Special Pre-Order Discounted items through the mail or over the phone?

Sorry, but these special offers are only available through our online store at www.rightstuf.com and if you check in often enough, you might find some amazing deals online!

How many coupons can I use?

You can only use one coupon per order and some coupons can only be used through our online store. Please see coupon details for specific restrictions.

Do I need to add sales tax?

Only if you happen to live in Iowa.

If I move, should I inform you?

Certainly a good idea (Right Stuf would be the FIRST notice I'd send if I were you), especially if you want to keep getting stuff from us. Just drop us a quick note, giving us your old address, and your new address, so that we can update our records.

MAIL-IN ORDERS

I went to your online store and I wanted to order, but I don't have a credit card? Help!

Should you prefer to flip through the online store to select items, you can actually use it to place an order by mail! Simply select all of the items you want and place them in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!) Just print this form and mail it in with your payment. Although you can use the online store to generate your order, nothing will be recorded by our system so make sure that you don't lose your form or you'll have to re-enter everything all over again! Please note that online coupons are not valid on mail-in orders.

I saw a coupon on the internet, can I use it?

Some coupons and short term deals, such as "Shawne's Daily Deals", can only be used through our website and cannot be honored for mail-in orders. This is generally due to specific date or manufacturer requirements which cannot be imposed on mail-in orders. Please review the specific restrictions of the coupon to see if it can be applied to your mail-in order.

I saw a special deal / daily deal on the website, can I put it on my mail-in order?

See coupon explanation above.

Why do you hold my order for 18 days when I pay by check?

Even with all this cool technology, not all banks are utilizing Check21, and so checks can still require at least 18 days to clear. In a perfect world, this would not be so.

What's this NSF charge?

"Non-Sufficient Funds" means, in English, your check bounced. This is bad. We will charge you for this. There is a \$25 charge for all returned checks.

PAYMENT METHODS

Do you take Discover / VISA / MasterCard / American Express ?

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards.

If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships. Unless there's some freaky deposit problem, that's the only time.

I'm an international customer.

What's with this extra data you need?

With international mail and credit card fraud becoming a growing problem, we felt it was better to ask you for additional information rather than charge everyone outside the country a lot more for their stuff. For first time orders only, we require a copy of some form of address verification which shows your address along with a photocopy of BOTH the FRONT AND BACK side of your credit card. For security purposes you may black out one set of digits. Upon request, Right Stuf can provide a secure website location for our international customers to submit this information. This policy only affects first-time international customers; however, should your address or credit card

information change, we will re-request this information in order to protect you and to update our records. This policy is in place to help keep credit card fraud to a minimum and to ensure that our customers have the utmost security when ordering with our company.

SHIPPING

How long does it take to ship an order?

From the time we receive the order and place it in our system, standard processing time to ship it is 24-48 hours. If some of the items are on back order, it can take an average of 10-14 business days for us to receive the back-ordered items. Then standard processing time goes into effect.

What are your methods of shipping?

Please see our order form for details and prices.

Are there more shipping options available?

Additional shipping options are available for orders placed by phone or through our online store (www.rightstuf.com).

How much is the shipping charge for prepacks/box sets?

Shipping is simple: use the amount for a SINGLE item.

I'm not at home during the day.

Can you ship to my office?

Certainly (in fact, we prefer to do this to ensure that you actually get your stuff), but please give us all the information that you can, including the name of the company, so that your friendly delivery person can get your package to you. We require that you include the business' name in the address. We are happy to work with you to get the product to you as quickly as possible. Unfortunately for American Express cardholders, American Express' own restriction policies will not allow this. You could also choose to have the product shipped to you by mail instead. Please note, this policy applies only to our domestic customers; for International customers, we must ship to the billing address on your credit card.

I chose express delivery and my order still took 2 weeks to arrive. Why? You must have ordered a product that we didn't have in stock at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery the moment we receive it from the manufacturer. Although we do keep significant stock on the items in our catalog, there are times when there may be delays getting items from the manufacturer, as discussed above.

What happens if my country will not allow me to have this sort of tape / My order was seized by the border ... what now? Sorry. Please consult with the postal authorities of your country prior to placing an order for adult items. We will not be responsible for seized shipments, and cannot provide refunds for seized products.

RETURNING MERCHANDISE

When I got my <insert title here>, it was bad. What do I do? If your merchandise is defective due to a flaw in manufacturing, we

are more than happy to replace the product. Unopened DVDs and VHS can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card.) All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at www.rightstuf.com/requestform

Do I have to pay shipping to return a product?

Yes, but we will pay the shipping to send the replacement back to you. We suggest using the least expensive shipping method available. Should an item have accidentally been shipped to you which you did not order, we will reimburse your shipping costs to return the item to us.

The packaging said it would include <special item>, but mine doesn't have it! Unfortunately, we have no control over what the manufacturers decide to place inside of their products. Sometimes the manufacturers do provide special extras, but we cannot guarantee that these items will be inside of the products that we receive. However, should the item not be in your DVD, we would suggest that you contact the manufacturer directly. Of course, we are always happy to forward your request on for you!

PRODUCT INFORMATION

I saw this show that I think might have been Japanese Animation. Do you have it? We get questions like this all the time in the company email box. If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's like a magic user, a guy with a sword who has big hair, and a villain who wants to take over the universe, and I think there are some cat girls in it" there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't mean that it's available in the US as a licensed product, but it's likely that it is.

Why isn't <title here> available in the US? You might be surprised to find out how much of anime is available in the US. Of the few titles that remain unlicensed, some titles have their rights disputed, or licensors want more money than a title can possibly generate in this market, and, of course, some are currently in negotiation. With the exception of a few TV series (which are a different matter entirely, due to their length), this just about covers it. We do not sell fan subs of non-licensed products, or pirated copies of licensed tapes.

Can I special order items that are not on the website? Simply put, if it isn't on our website, we can't get it.

What are some good shows for children?

Although this is truly a matter of personal preference, we recommend Totoro, Kiki's, Pokemon, Kimba, Flint: Time Detective, and Astro Boy for young anime fans. You might also consider the Sanrio titles like Hello Kitty. Look for the "ALL" age rating in item listings for child-friendly titles.

What's the most horrible, tasteless adult anime you offer?

That really depends largely on the person you ask. Some would say Cool Devices and Night Shift Nurses, others Love Doll and Bible Black. These titles are certainly not for the squeamish, and are most definitely only for adults. Look for them in the Adult catalog.

DVD SPECIFIC

What is Region Coding?

Region coding is a geographical restriction for DVDs and players that allow for licensing of specific materials within different areas, or Regions, of the world. Since DVD players are region specific, you need to make sure that the DVD you purchase is coded for the same region as your player.

What region is your DVD player?

If you purchased your player from a retail outlet in the US, it should be Region 1. You can check the Region coding on your DVD by looking for the Region Code symbol on either the silkscreen or the packaging.

Region Coding List:

- United States of America, Canada
- Europe, including France, Greece, Turkey, Egypt, Arabia, Japan and South Africa
- Korea, Thailand, Vietnam, Borneo and Indonesia
- Australia and New Zealand, Mexico, the Caribbean, and South America
- India, Africa, Russia and former USSR countries
- People's Republic of China

What Region are your DVDs?

We primarily carry Region 1 Discs. However, we do have a small handful of DVD titles that are multi-region and even Region-free. We've tried to mark them where possible.

Why is THIS DVD better than THAT DVD?

Like many things, it's the talent of the people who did the mastering. Although the format supports a very high quality image, the preparation of the material determines how good the final will actually look.

Can my DVD play in a Playstation 2?

It depends on the DVD. There have been instances of some DVDs having difficulty playing. While the vast majority will work just fine, we cannot guarantee all anime DVDs will play correctly on a PS2.

While her outburst lands her publicly at war with the F4, it secretly stirs the heart of the gang's leader - Tsukasa Doumyouji. But Tsukushi has her own secret crush... She's in love with Rui Hanazawa, one of the other F4 members!

A great show for anyone, but especially made for those otaku who remember what it was like when they first got interested in anime! Sasahara could be considered somewhat of a newbie when it comes to animation... He's always enjoyed it but never really associated with other people interested in it. So naturally, when presented with a number of different college clubs he could join... he joins one for anime, manga, games, and all other forms of "modern visual culture". This just being a fancy way of saying "bizarre otaku sub-culture"!

Kino's Journey

STAFF PICK

A beautiful, "travel-sized" collection. Each episode of Kino's Journey tells a unique new story... all the stories taking place in a truly strange world devoid of any singular reality. Cities without people that perpetually exist through the machines left behind... places where the sands of the coliseum still control the fates of men... lands where war is considered to be a civilized sporting event... the world is definitely not a place fit for travelers, but Kino forges on nonetheless and provides us all with an incredible series of adventures.

Milfeulle, Mint, Ranpha, Forte, and Vanilla are beautiful and talented pilots of special fighter ships known as Emblem Frames. Each of these warriors possess special gifts, making them ideal for the job at hand. Takuto Meyers finds himself leading the mission, getting caught between five unique Angels and... space whales!?

The Angel Troupe is just about done with their current mission to deliver over a million dollars to the Bank of Transbaal, when Milfeulle accidentally opens the hatch and loses it in space. In order to keep their jobs, the Angel Troupe needs to raise money, and fast!

Self-styled kogal queen Kotobuki Ran and her friends just wanna have fun, which includes shopping, hanging out, and scamming meals off gullible guys. Unfortunately, their "hood" - Shibuya - is in constant danger of being despoiled by dirty old men, street gangs, nasty kogal rivals, and other societal evils. But with a little help from her friends, Ran takes on the bad guys (and gals) with gusto!

It's the spring of freshman year, and Kanji Sasahara is in a quandary. Should he declare his love for manga and anime by joining an otaku club, like he has always wanted to? Meanwhile, Saki Kasakabe also has a dilemma. How can she turn her boyfriend, anime fan-boy Makoto, into a normal guy?

Blonde and pragmatic, Jinji Amano has the power to generate currents with his body like an electric eel. Brunette and rambunctious, Ban Mido has the power to create illusions. Together, they are the GetBackers. They can get back anything taken from clients, and their success rate is (almost) 100%!

Mai Taniyama and her classmates have heard the rumors that the creepy old high school is haunted. So one rainy day they gather at the old school to tell ghost stories, hoping to attract one of the spirits. But all Mai and her friends find are Kazuya Shibuya, the owner of Shibuya Psychic Research, a Buddhist monk, a medium, and an outspoken Shinto priestess. Surely one of them will have the talents to solve this mystery...

GET FREE SHIPPING ON YOUR ORDER!!

If you live inside the US and your order exceeds \$49 (without freight) then Economy Shipping is FREE for domestic customers.

SHIPMENTS TO MILITARY ADDRESSES & US PROTECTORATES

Our domestic standard rates are simple: in the US including APO (AA, AE, AP), FPO, PR, GU and VI please use the Domestic Shipping Options. Please be aware that if you have a PO Box, or are stationed in the service, our standard shipping is limited to Priority Mail because UPS will not deliver to these locations. If you live outside of the areas above, please use our International Shipping Options.

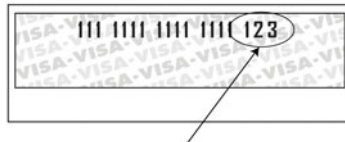

SPECIAL NOTES FOR OUR INTERNATIONAL CUSTOMERS

Shipping companies may charge a fee for delivering your package to a foreign country. Such fees and customs duties are not included in our shipping price, and are your responsibility. We will not be responsible for seized shipments, and cannot provide refunds for seized products. Please check to make sure you are in compliance with all local laws if you are ordering an adult product(s). For first time orders only, we require a copy of some form of ID (can be drivers license, passport, credit card statement, utility bill, etc...) which shows your address along with a photocopy of BOTH THE FRONT AND BACK side of your credit card. For security purposes, you may black out one set of digits. This information is to help keep credit card fraud down and is for your protection as well. Upon request, Right Stuf can provide a secure website location for our international customers to submit this information.

I'M RUNNING OUT OF FORMS!!

You are hereby authorized and deputized to make copies of this order form. As long as we can read it and all the information is there, you're fine. Copy away. You can also print one from our online pdf at: <http://www.rightstuf.com/orderform>

WHAT IS MY SECURITY NUMBER?

Discover Credit Card Users

Flip your card over and look at the signature box. You should see your credit card number followed by a special 3-digit code. If you have chosen to use a Discover credit card for your order, the security code is required.

Visa Credit Card Users

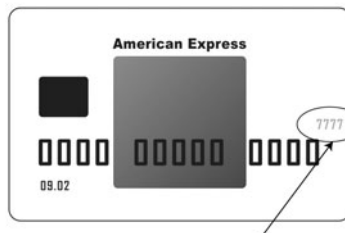

Flip your card over and look at the signature box. You should see your credit card number (or only a portion of it) followed by a special 3-digit code. This 3-digit code is your Security Code (CVV2).

MasterCard Credit Card Users

Flip your card over and look at the signature box. You should see your credit card number (or only a portion of it) followed by a special 3-digit code. This 3-digit code is your Security Code (CVC2).

American Express Credit Card Users

SHIPPING INFO:

Please allow 2-6 weeks for delivery. It will almost certainly be closer to 2 than 6 weeks, but we like to err on the side of caution. Shipping confirmation sare often sent via e-mail address!

Please make sure that there is someone at the address we are shipping your product to who can sign for your package. If someone will not be available at your home, consider having the package shipped to your work address (include your company name). If your package is returned to us, we will charge you additional shipping to reship it.

Express shipping means that your order will be shipped via 2 Business Day UPS. Actual shipment time can vary based on whether the item(s) is in stock at the time we receive your order. If you need your order as soon as possible, please consider placing your order over the phone (800-338-6827) or through our secure online store (www.rightstuf.com)

Preorder release dates can (and often do) shift about without the manufacturer informing us. If you are concerned about your preorder status, please contact customer service at any time or check the latest information on product updates on our website (www.rightstuf.com).

PAYMENT METHODS:

We accept Checks and Money Orders in US funds. Sorry, no international checks. Please make all checks / money orders payable to The Right Stuf International, Inc. All checks require at least 18 days to clear our bank. Sorry, no CODs.

We also accept the following payment methods: MasterCard, Visa, American Express, or Discover. Sorry, you can't use your Mom's Sears card ... or your Dad's BP card. For security purposes, we may contact you for additional information which may delay your order.

PLEASE DO NOT SEND CASH THROUGH THE MAIL!!

RETURN POLICY:

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs and VHS can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card). All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: www.rightstuf.com/requestform

Products returned without a return authorization number, or those more than thirty (30) days after the invoice date, will be returned to the customer.

If the package was damaged while in transit (crushed box): if delivered by UPS, please contact UPS directly at (800) PICK UPS or if delivered by Mail, please contact your local postmaster.
